## CL-05

### LENS

- Top grade opal acrylic lens.
- Standard size
- Custom lens are available, please consult factory for minimum quantities and lead times.

### APPLICATION

- The face has a laser cut design that makes for a smoother feel. Energy saving and cost effective.
- It's application areas include hallways/corridors, offices and hospitality.

### HOUSING

- Can be made of almost any material.
- Comes with a standard brushed aluminum or powder coat finish.
- When powdercoated, metal goes through a degreasing process before painting. Powdercoat paint is then applied and baked to ensure longevity.
- Removable face to facilitate servicing and lamp replacement.
- For custom finishes please consult factory.

### COMPONENTS

- Ballast is electronic normal power factor and operates at 120v
- UL listed for Damp Location.
- High Power Factor and other voltages also available upon request.
- Other options include emergency back up ballast, occupancy sensors, dimming ballasts, photocells and other specifications.
- Consult factory for any special requirements or specifications.
