## CLV-3062

### LENS

- Top Grade opal acrylic lens.
- Standard size
- Custom lens are available, please consult factory for minimum quantities and lead times.

### APPLICATION

- Highly used in bathroom and residential applications. Also very popular in the hospitality area.

### HOUSING

- Can be made with almost any material.
- Comes with a standard powder coat finish.
- When powder coated, metal goes through a de-greasing process before painting. Powder coat paint is then applied and baked to ensure longevity.
- Removable face to facilitate servicing and lamp replacement.
- For custom finishes please consult factory.

### COMPONENTS

- Ballast is electronic normal power factor and operates at 120v
- UL listed for Damp Location. Also available in Wet location.
- High Power Factor and other voltages also available upon request.
- Other options include emergency back up ballast, occupancy sensors, dimming ballasts, photocells and other specifications.
- Consult factory for any special requirements or specifications.
